

## **Grading Policy**

Students in Physical Education have the opportunity to earn up to 10 points per class. Points are earned for meeting acceptable levels of effort, conduct, and changing out of their original clothes into acceptable PE attire, or “dressing out”. For those who do not dress out the maximum point total that can be earned for a class is 7 out of 10.

Students who choose not to participate, or do not wear appropriate footwear to participate may be awarded zero points for the day’s class.

At the conclusion of the grading period a student’s point total is averaged out over the number of present and able to participate days in class. Averages of 8-10 earn an E (excellent), 5-7.9 an S (satisfactory), and 0-4.9 an U (unsatisfactory).
